

## DRACoon

### DRACoon is the leading Enterprise File Sync and Sharing Solution – Made in Germany

Rising cyber security threats and increasing compliance regulatory paired with the growing demand for collaboration solutions create the starting position for DRACoon.

#### Highly secured file sharing specifically for business needs.

File sharing in enterprises has to be simple and uncomplicated, but at the same time as safe as possible with full sovereignty over the data.

DRACoon serves as a platform-independent file exchange solution, matching the high demands for data security in the enterprise environment.

DRACoon integrates data protection during the development of a data processing procedure - according to the principles of *Privacy by Design* and *Privacy by Default*.

#### DRACoon is one of the first solutions to meet all GDPR-requirements (EU-DSGVO).

The very intuitive usability as well as the customizable branding ensure that employees quickly feel "at home" in DRACoon and can orient themselves directly and independently.
